AN OPTICAL DELUSION.
From William street the following
pyramidal delusion has drifted to
Texas:

For Sound Money:
Pennsylvania,
New Jersey,
New York,
Kentucky,
Maryland,
Iowa,
Ohio,
etc.
For Free Silver,
Mississippi,
etc.

The most material fact about the
statement is that it isn't true.
In the states mentioned only four
Democratic state conventions have
declared for the financial policy of the
president: those of Pennsylvania, New
Jersey, New York and Maryland. The
gubernatorial nominees in Iowa and
Kentucky with indefinite platforms are
both speaking for free coinage, and the
nominee in Ohio with a similar
platform on the money issue has re-
ceived the question.

The Nebraska state convention,
which adopted a straight free coinage
platform, is conveniently overlooked in
this statement, and it also ignores the
action of the conventions held in
Illinois, Missouri and Texas.

A true exhibit of the declarations of
meetings of the state Democracy for
the present year is as follows:

For Bimetallism:
Illinois,
Missouri,
Texas,
Mississippi,
North Carolina,
Nebraska,
For Free Silver:
New York,
New Jersey,
Pennsylvania,
Maryland,
Kentucky,
Iowa,
Ohio,
etc.

Joined in Marriage.

Springtown, Tex., Oct. 4.—(Special).—
On last Wednesday evening a large
concourse of people assembled at the
Methodist Episcopal church to witness

one of Springtown's prominent young
business men and is a man of high
social standing. The bride is the
charming and accomplished daughter
of G. G. Ward, and has been for some
time one of the belles of our society.
The Gazette correspondent voices the
wish of their many friends, that they
may pluck the petals of joy from the
blossom of life's brightest and holiest
union, as they march, arm in arm,
along down the pathway of destiny.

My Health Broke Down
What troubles peculiar to women, my
nervous system was shattered. The
physician said there was little hope for
me. A neighbor told me of
Hood's Sarsaparilla and I
decided to try it. When I
had taken 3 bottles I could
sit up, and now I am
perfectly well and strong.

Hood's Sarsaparilla
has done all this for me. Mrs. C. F.

SLEEP OR DEATH.

For Years Mr. Burgheim
Had Suffered.

Paine's Celery Compound Soon
Made Him Well.

Publisher of Two Great Ger-
man Papers.

Can Now Work Fourteen
Hours Every Day.

Sleeps Soundly and Peacefully
Every Night He Lives.

Sleep is one of the things that can-
not be put off from night to night.
The punishment for sleeplessness is
worse than pain. It creates a shattered
mind.

It often happens that a sudden stream
of work or anxiety robs one of the
night's rest. The effect is soon appar-
ent in the language, headaches and list-
lessness that ensue.

If rapid and abundant means are
employed to repair the exhausted
parts, the nervous system regains its elas-
ticity. But if an unnatural privation of
sleep is carried beyond the stretching
power of the brain the whole nervous
system becomes disordered, and prostra-
tion results.

Thousands of men struggling under
great responsibilities or tedious work,
anxious, overworked mothers and
wives, shop girls who are forced to
stand on their feet all day long, have

MR. MAX BURGHEIM.

little difficulty in convincing their
friends of the remarkable power of
Paine's celery compound to restore
their energy, renew their vigor, and
make them strong and well.

Here is a letter from Mr. Max Burg-
heim, the well known president and
manager of the Cincinnati Press
Printing Company. Mr. Burgheim
writes:

"The following statement may be
of interest. I have been suffering from
sleeplessness, headaches, for many
years, and although I have tried al-
most everything to get cured, con-
taining the best physicians, and even going
several times to Europe, everything
was in vain.

"I did not have a night's rest for
almost six years, that is to say, I could
not sleep for two hours in succession in
a single night, you can easily imagine
what the effect on me had been.

"After spending a fortune in trying
for relief I had given up almost all
hope, and when I first read about
Paine's celery compound, I did not
have much faith in anything. But after
having used so many remedies and
consulted so many physicians in this
country and abroad I felt like giving
the compound a trial. The result was
truly wonderful.

"I did not have a night's rest for
six months ago that I tried Paine's celery
compound you can imagine my joy
when I found that I had slept six
hours in succession, a thing that I had
not been blessed with for so many
years. I continued the use for over
three months with the same happy re-
sult, and although I was fearful that
the remedy would come back on me
I can now say that although I have not
taken the compound for six months, I
do sleep every night peacefully and
without interruption.

"You can easily imagine what this
means for a man who works fourteen
hours every day in the year and has
charge of two large newspapers. I
consider my case a most remarkable
one, and I should be glad if this
statement should be the means of help-
ing others who have suffered like I in
the same untold agonies, and for this
reason I give you full permission to
make use of this statement in any way
you choose."

CHAMPION OF TEXAS

THE GOVERNOR SO PROCEEDED
BY MCKINNEY PEOPLE.

Will Present Him With a Belt.

Young Couple Married—Fam-
ers Have Been Threatened.

McKinney, Tex., Oct. 4.—Arthur E.
Lawrence and Miss Lois Kendall, a
young couple of this city, were united
in marriage last night. Elder John M.
McKinney officiated.

About 5000 bales of cotton have been
marketed in McKinney up to date, a
falling off from the number marketed for
corresponding period last year.

A number of McKinney's best citi-
zens have clipped in and purchased a
size belt which will be presented to
Governor Culberson with the words,
"Champion of Texas," engraved there-
on as a testimonial of their endorse-
ment of his knocking out Corbett and
Pittman. Much favorable com-
ment concerning the fearless young

governor may be heard on the streets
here.

The McKinney Gazette has received
a letter, with request to publish, warn-
ing all landlords not to let out lands
for money rent, and warning them if
they do their farms will be soon in
Johnson's grasp.

A young man named Downings, from
Allen, was jailed in this city yester-
day charged with trying to shoot an-
other man named Tichner at Gerriah's
gin who dunned him for a board bill.

SHOT A THIEF.

He Had Been Stealing From a Gro-
cery Store.

Clarendon, Tex., Oct. 4.—(Special).—
Several days ago S. Anderson discov-
ered that his grocery store had been
entered from the rear by some sneak
thief, who removed one of the large
glass jars from a window and thus made
an entrance. Mr. Anderson had the
glass replaced, but has since been on
the lookout for the return of the thief.
Yesterday morning about 3 o'clock
he heard the approach of some party,
and waited till operations were begun
on the window, when he turned loose
the contents of his double-barreled
shotgun through the window from the
inside, lodging the contents of one bar-
rel in the palm of the left hand of the
thief, who proved to be a transient
lad about 15 years old, by the name
of Sam Fennell, who has been work-
ing in one of the restaurants here for
the past few days. Dr. Stokking
was called and found the hand a pretty
bad wreck. He made an incision in
the back of the hand and removed
something over a dozen No. 4 shot,
along with some fragments of bone.
Sam is now resting better.

NEW COLLEGE PAPER.

Will Make Its Appearance at the
Polytechnic College.

The friends and patrons of Polytech-
nic college will be glad to know that
the literary societies of this institution
have jointly inaugurated and per-
fected the movement of having a
college journal, to be known as the
"Polytechnic," first issue of which is
to appear about the 15th of October.

A great deal of interest is being
manifested by young men in the
literary societies, both of which are
doing fine work. New students arrive
nearly every day. They are new and
mercifully where they were last Christ-
mas, and President Lloyd thinks there
are "more to follow."

Messrs. Key and Smith, the scholar-
ship young men, are doing excellent
work in their classes.
